

EXPERIENCE

Graphic Designer

Ampayon Butuan City

Year 2018-2019

- Appointed as Head Graphic Designer among peers, taking full ownership of all visual design projects for the institution, demonstrating recognized leadership and creative excellence at an early stage of professional development.
- Designed and produced the official school yearbook from concept to final print-ready layout, carefully managing typography, photo arrangement, and page composition using Adobe InDesign to ensure a cohesive, professional, and memorable publication.
- Maintained a high standard of design quality across all deliverables by adhering to institutional guidelines and applying best practices in layout, color theory, and visual hierarchy, ensuring outputs were both aesthetically strong and functionally clear.

Programmer

Cabadbaran City

2022-2026 present

- Built and maintained strong trust with clients and institutional stakeholders by communicating transparently, delivering on commitments, and consistently producing outputs that met or exceeded expectations, establishing a professional track record of accountability and excellence in every project undertaken.
- Collaborated closely and regularly with faculty members and students throughout the development process to gather detailed requirements, validate system features, and incorporate feedback, ensuring that all delivered functionalities accurately reflected the actual needs of end users and aligned with institutional standards.
- Maintained a consistently high standard of code quality and system performance by adhering to best practices in software engineering, including clean code principles, thorough testing, and proper documentation, resulting in a stable and maintainable codebase that can be easily scaled or updated over time.
